# The Need for Disability Insurance

Your ability to earn an income may be your most important asset. Most people wouldn't think twice about insuring their home, automobile or health. However, many do not recognize the need to insure their income. According to the American Payroll Association, 72% of American employees live paycheck to paycheck, without enough savings to cushion a financial blow.<sup>1</sup>

## How Much Do I Need?

A lengthy disability can be devastating, and is more common than you might think. It can result in a loss of income, independence and financial security. Consider how long your savings would pay for:

- Mortgage or rent
- Credit cards and other debts
- Health care
- Groceries
- Utilities
- Car Payments
- Other transportation
- Clothing
